

# EXPERTEERING

expertise + volunteering = experteering

## YOUR SKILLS MAKING IMPACT

**Help with a short-term project or defined task. You, your community and your business can all benefit.**

### Writer/Grant Writing

Transition Town Forres is part of an international movement helping to build more localised economies. They are looking for a skilled writer to help them develop a proposal for a key development position.

### IT Website

Moray Fresh Start has a website but the charity wants to make better use of it. Could you make some suggestions or improvements? They would also appreciate an expert in social media to deliver some basic training to some of their other volunteers.

### Marketing/Fundraising

The Elgin Sports Community Trust is literally a game-changer. The project, now entering its final stage, is looking for a person to help identify and research prospective funding sources and help to write persuasive bids. Could you pen awesome case studies or reports?

### Finance/Accounting

Elgin Men's Shed is at an exciting point, ready to secure a new premise, but needing someone to help with the finances. They are looking for a treasurer role, but would be happy to chat to make the role as flexible as possible.

## Management/Fundraising

The Ladybird Group Development Group is a small local nursery and charity based in Lossiemouth which cares for pre-school children with disabilities.

The Group would like to have some new faces on their committee, to help oversee the management of the nursery and to help with fundraising.

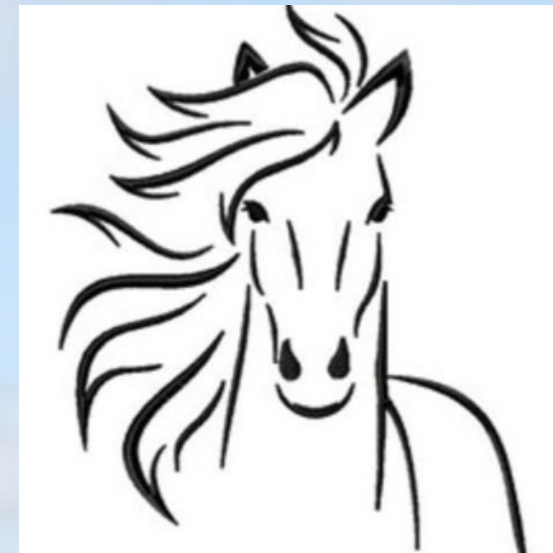

## Moray Rotaract

Locally, Rotaract members volunteer together to support a number of local charities and in a number of ways. It's a great way to dip your toe into volunteering and an opportunity to network and socialise, whilst helping others. New members are needed just now.

## Get in Touch

If you have skills in finance, communications, events, project or strategic planning, fundraising, business management, digital/IT and would like join our experteer pool...or if you are a community group or charity would like to know an experteer, send us an email at: [info@tsimoray.org.uk](mailto:info@tsimoray.org.uk)

# **Corporate Team Volunteering Opportunity with Touchdown Memorial Home for Horses**

**If your business, company or place of work is looking to make a positive impact in our local community, please consider arranging a volunteering day at our horse charity in Keith.**

**We take on ex-racehorses, ex-police horses, horses that have had injuries or can't find a home for whatever reason and rehabilitate those that can and give the others a happy, comfortable and peaceful home for the rest of their lives.**

**Volunteering can be grooming the horses, mucking out stables, poo picking fields, mending fences, building a field shelter, working and riding some of the horses and more.**

**Email: [info@touchdownmhh.org](mailto:info@touchdownmhh.org)**
